2020 Joint Usage/Research Proposal Application Form for Proposal-Based Project Date: _____	
Principal Investigator	Name Affiliation (institution, department, and title) Contact Details: Postal code: Address: Phone: _____ Email: _____
Project category	Proposal-Based Project
Research period	<input type="checkbox"/> First period : 2020/04/01 - 2021/03/31 <input type="checkbox"/> Second period : 2020/08/01 - 2021/03/31 <input type="checkbox"/> Third period : 2020/12/01 - 2021/03/31
Research Project Title	

Research Team (*1,2)

Please check one of the two boxes.	Title / Name (Enter his/her grade for a graduate student.)	Classification (*3)	Affiliation (Do not abbreviate the name of affiliation. Please include name of department / division.)	Role in the Research
Principal Investigator				
ICAT Partner Researcher		/	Institute for Catalysis, Hokkaido University	
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				
<input type="checkbox"/> Co-Investigator <input type="checkbox"/> Collaborator				

(*1) Graduate student must be a Collaborator. Undergraduate students cannot be included.

(*2) Add columns and sheets if you need.

(*3) Provide one of the following codes, “Y” (≤ 35 years old), “M” (36 - 39 years old), “S” (≥ 40 years old). The age definition is as of March 31, 2021.

[Appended Form 2] *Please limit your application form for (1) and (2) within 1 printed pages in total.

(1) Purpose of the Research (Please check this box if another proposal was adopted last year.)

- 1) Scientific background 2) Scientific feature/originality 3) Reasons that this project is suitable for a joint research with ICAT
- In case another proposal was adopted last year, please include the summary of the progress and results of the previous project, and the novelty and possibility for development of the present project.

(2) Research plan and method

Please include the roles of the ICAT Partner Researcher. Please indicate necessary equipment in ICAT to be used for the research, if any.

[Appended Form 2]

Applicant's research achievements related to this research

Please enumerate peer-reviewed scientific papers, invited talks or lectures and inventions by the Principal Investigator within the past five years. Free format. One page limit.
